Scope

This policy outlines NextEra Energy, Inc.'s responsibilities in support of its commitment to environmental protection and stewardship. Employees should also refer to internal business unit environmental management systems and guidelines.

Policy

At NextEra Energy, Inc., we are committed to being an industry leader in environmental protection and stewardship, not only because it makes business sense, but because it is the right thing to do. Our commitment to compliance, conservation, communication, and continuous improvement fosters a culture of environmental excellence in our business planning, operations, and daily work.

In accordance with our commitments to environmental protection and stewardship, NextEra Energy, Inc. endeavors to:

Comply

- Design, construct, operate, and maintain our facilities in an environmentally responsible manner
- Comply with all applicable environmental laws, regulations, and permits
- Proactively identify environmental risks and take action to mitigate those risks
- Participate in the legislative and regulatory process to develop environmental laws, regulations, and policies that are technically sound and economically feasible
- Pursue opportunities to exceed environmental standards

Conserve

- Promote the efficient use of energy, both within our company and in our communities
- Prevent pollution, minimize waste, and conserve natural resources
- Avoid, minimize, and/or mitigate impacts to habitat, wildlife and cultural resources
- Seek innovative solutions

Communicate

- Communicate this policy to all employees
- Invest in environmental training and awareness to achieve a corporate culture of environmental excellence
- Maintain an open dialogue with stakeholders on environmental matters and performance

Continuously Improve

- Establish, monitor, and report progress toward environmental targets

- Review and update this policy on a regular basis
- Drive continuous improvement through ongoing evaluations of our environmental management system to incorporate lessons learned and best practices.
